- Cement choice for different materials
- Introduction to implant restorations

## Tutor(s):

**Harvey James & Jerome Leonard**

**Pure Dental Laboratory / [www.puredentallab.co.uk](http://www.puredentallab.co.uk)**

Harvey and Jerome run Pure Dental Laboratory which is set in the Surrey Hills between Farnham & Haslemere. They have a state-of-the-art facility, equipped with the latest CAD/CAM machines for their CAD department, and an excellent range of equipment and materials for their ceramists to use. They also have a shade matching suite, for personalised shades at the lab.

The knowledge and skills of their technicians, combined with using the latest equipment and materials, means they pride themselves on achieving the highest levels of aesthetic dentistry for all their clients.

Their portfolio of products and techniques is constantly evolving to keep pace with technological advances and patient demand, and with the popularity of all ceramic restorations increasing, they can offer a range of industry leading solutions.

Their wealth of experience and knowledge of implantology has been a significant factor in their success and they have many years of experience in all the major systems. All of their technicians are GDC registered and further their education constantly.

### **Dr Ross Cutts**

*BDS (Lond) Dip Imp Dent RCS (Eng) MClinDent Fixed and Removable Prosthodontics (KCL Lond) with Distinction*  
GDC No.: 78162

Having Graduated from Guy's Hospital, London in 2000, I am a dentist with Special Interests in Implant Dentistry and Advanced Restorative Procedures.

I began my Implant journey in 2003 and have subsequently attended extensive Higher Education across the United Kingdom, Europe and North America from the world leaders in Implant Dentistry.

I have been awarded the highly regarded Diploma in Implant Dentistry from the Royal College of Surgeons, London and have followed this by successfully gaining a Masters in Clinical Dentistry from Kings College London in Fixed and Removable Prosthodontics with distinction. This is my commitment to myself and my patients to ensure I can provide the broadest range of treatments available for maximum patient success.

I am a committed Fellow of the International Team for Implantology (ITI) –a past Study Club Director and Study Club Area Co-Ordinator for the UK and Ireland and remain a clinical mentor for this Worldwide Organisation.

I regularly hold educational courses, lecture nationwide and in Europe on a variety of topics at different educational levels, with a particular interest in Aesthetic Implant Dentistry. As well as educating others I am regularly asked to write up cases for Straumann and Botiss Worldwide Implant companies to demonstrate successful patient outcomes.

I accept referrals from colleagues for a variety of complicated clinical situations at both my Cirencester and Stow-on-the-Wold Dental Practices.

As well as being a fellow of the ITI (one of only 48 in the whole of UK and Ireland), I am also a member of the Association of Dental Implantology (ADI) and the Royal College of Surgeons (RCS). My commitment to Cosmetic / Aesthetic Dentistry maintains my Full Membership of the British Academy of Cosmetic Dentistry (BACD).

**Dr Gavin Ho Fat**

*BDS (Newcastle)*

GDC No.: 103457

Having graduated from Newcastle University in 2006 with a clinical distinction and an additional award for composites, Gavin spent 8 years in initially NHS and then fully private practice in London. In 2014, Gavin and his wife Kirsty decided to relocate to the Cotswolds, and he has been working at both Cirencester and Stow-on-the-Wold Dental Practices ever since.

Gavin has invested heavily in further post graduate education to deliver more complex techniques to achieve the best possible long term outcomes for his patients.

He has a specialised interest in dental implants and all aspects of complex restorative dentistry, and has developed extensively over the last 15 years - gaining lots of experience and clinical expertise in this highly demanding and complex field.

Gavin takes a holistic, multidisciplinary approach to treating his patients using the latest digital techniques.

He has a calm and sympathetic manner, and works very well with nervous patients. For very phobic patients who struggle with dental visits, Gavin works very regularly with our in-house Sedationist.

In addition to treating patients, Gavin is involved in delivering further education and training for other dentists to improve their knowledge and clinical skills in implants, surgery and restorative dentistry.

Outside of dentistry, Gavin has a keen interest in travel, sport and food. In a former life, he was a regular snowboarder, cycled Lands End to John O'Groats, ran a sub-4 hour marathon and enjoyed travelling the world. However, Gavin and his wife's time is now spent mostly juggling family life with 4 young children and a dog.
