## Endodontics in Practice

### Course Aims & Objectives:

- An interactive and informal evening exploring the basic principles of endodontic care in clinical practice.
- I will aim to cover aspects of endodontic diagnosis, access and rotary preparation.
- I will aim to outline a systematic approach to canal preparation and obturation.
- We will have the opportunity to sample a variety of heat-treated rotary files from Henry Schein.
- Delegates can also feel free to bring their own cases if they would like to discuss them.
- Course open to: **Dentists**

## Tutor(s):

### **Dr Robert Kelly**
